Deltik now has a domain name! <http://www.deltik.org/>
This domain name is registered for five years.

<http://www.deltik.org/>, the top-level domain name, was made possible by donations to Deltik. Thanks users!

We ask that users still using <http://deltik.co.cc/> use <http://www.deltik.org/> or <http://deltik.org/> (same thing). I have noticed a lot of people are coming from <http://deltik.co.cc/> so I won't delete <http://deltik.co.cc/> any time soon.

[html] Our Gold System has been modified to fit real currency. The currency used is United States Dollars. Everything you buy, donate, etc. is based off of the actual currency of the US\$. The only thing different is its 3 decimal places, like in the taxes. [/html]html
